March 26, 2015 - Office 2013 client product releases with Enterprise license requires activation. This download allows IT administrators to set up a key. After installing Office 2013 with a volume license on an Office 365 server, you can set up an activation key to activate all Office 2013 products on all devices. You do not need to manually set up an activation key in the client. This feature is available to all Office 2013 customers who install Office 2013 on an Office 365 server. This article explains how to set up an activation key for Office 2013 and how to use this feature.
