===== YouTube Video
Commenter is an intuitive program
that allows you to automate the
process of posting comments on
YouTube. The tool offers a suitable
method for promoting your
business, your work or other
aspects, by posting your website
address to videos from the same
field. You may easily personalize
the messages you post. Post batch
comments, avoid spam filters
YouTube Video Commenter allows

you to post comments to hundreds of targeted videos on YouTube, in order to promote your business or send a public message. The program allows you to filter the targeted videos, with the help of keywords, in order to work in a specific niche market. You may thus comment on related videos and avoid the powerful spam filters sustained by YouTube. Moreover, you can customize the message you wish to post and insert random wildcards. The program also features built-in spam protection, which allows you

to post comments without being targeted by the spam robots.

Wildcards and video limits

YouTube Video Commenter

requires that you enter your

YouTube username, so others can identify you on the website and your login credentials. Moreover, it supports the addition of wildcards, random strings of characters, designed to help you avoid spam filters. The program allows you to set several parameters, such as the time interval between posts or the maximum number of videos that

you wish to comment on. You may narrow down the list of videos, by entering the desired keywords, as well as establish a pause between posts. This action is also a spam protection method. Friendly application that supports proxies

YouTube Video Commenter

supports the use of proxy servers, in order to comment anonymously. All you need to do is enable the proxy use, insert the address and the desired port. This user-friendly application features tooltips for most of its fields, notifying you

about the required type of data or why it is needed. We would like to show our sincere gratitude to our donors for the support we have received over the years to make this project a reality. Without their help we would not have been able to offer this service to the video producers from all over the world. We have always tried to improve the service on a continuous basis and we make a constant effort to fulfill the needs of our users. We look forward to being a useful tool for your production and delivery of

your videos to our users! Best regards, You need an account to vote in this poll. Click here to create one. 13 Olivier from France

What's New in the YouTube Video Commenter?

Are you looking for an app to post comments on YouTube? Have you tried a web service? Have you ever thought about using a third-party app? You can easily become a YouTube video commenter. You will not need to register to use the app, just enter your YouTube username and start working. Its fast,

simple, and intuitive. Its video-commenting engine is capable of posting comments on videos up to 50 seconds long. You may change this limit and also view the comments' progress. Using our tool, you can reach any video on YouTube. Simply enter the video's URL, then enter your YouTube username, and you're done. All comments are saved in the user's YouTube account, which will allow you to track them later. You can copy, print, share and save them to share on your blog or website.

Check out the helpful descriptions for each feature. To avoid any confusion, we have added a video to each step. Since YouTube comments often involve spam, our tool allows you to use a proxy server to post comments anonymously. You can also post video comments to all categories on the website (including Music, Technology, Business, Entertainment, Politics and others), or you can limit the videos that you are going to comment on to a single category. You can easily set your default

target videos from which to comment. You can also limit the amount of comments per video. And even more options are provided if you need to. If you have any problems with the app, please let us know. We will do our best to help you. RingoLAP PRO is the Ultimate Screenshot Resizer for Windows 10 Devices.
