My video editing is very easy and it's perfect for beginners, but for professionals it's a real game changer. This is a 10 out of 10 software for any editor. Been using it for about a year and my videos are perfect. The interface has an easy to use snap to grid feature that makes scrolling through the timeline a breeze. I can really visualize my timeline from the grid. I use this software as a video editor, but it also transcodes to many different video formats.
