
Introduction To Algorithms Cormen 3rd Edition Solution

"Introduction to the Algorithm, 3rd Edition" . (The height of the heap is $\log k$, solution to Exercise 6.5-9). (from CLRS solution)
a. (Skip!) b. (Find the largest value on the interval $[0; 1]$). (CLRS decision) In this case, I think it should be 1, since we got all possible solutions for the given set of parameters. I also think it means that the solution is a subset of the set
