Pixel Puzzles does not intend to create sequels, knock-offs or any other puzzle games of character. Bandai Namco has released Eirik & the Wolves: The Run in North America, Europe, and Australia, and it is coming to PS Vita in Japan on September 26th. The game is very similar to the recently released Heavy Rain on PlayStation 3. It takes place in a small town called White River, and it follows the story of Eirik and his brother Regin. They're in a tight spot, because there's a power struggle going on, and Regin is the only one with magic. The game mixes interactive movies and puzzles to form an overall story. You can interact with different people and items, watch tutorials, and try out different items to help you along the way. In one such example, Regin taps on a key, and you immediately get a feel for the type of action to take. You can interact with items and people, and you get interactive dialogue. The town of White River is also full of hidden puzzles. You'll have to solve the mysteries of an old television station and a fireplace. Your character can affect other people with items found in the game, like a wolf's howl, for example. At the moment, the game only has two endings, but Bandai Namco is working on the third. For those who are thinking about purchasing the game, Bandai Nam
