The ELDROID BLOCHANCHE is a digital adaptation of the popular fantasy novel, "Older Brother". During an incident at the national capital, Chiron, a young trumpeter and the king's trusted confidant, is given a makeover by the king's brother, Rancy. As a result, Chiron loses his memory and forgets everything he knew. He has only the crystal link, which enables him to communicate with those around him, and can use it to recount his history. After drifting for a year, Chiron is brought into the capital of the Elden Ring to face the lord of the Elden Ring. Despite the once-friendship between the two, Chiron finds himself the subject of jealousy and suspicion as he is tasked with important missions. He meets the beautiful and talented sorceress, Lyn, and the once-mute Earl. The plot twists and turns while Chiron pursues his desire to protect the Elden Ring. You will encounter beautiful and charming NPCs as you explore the world of the "Older Brother" novel. STORY: Chiron, King of Elden Ring, is a youth with a brilliant voice and a noble heart. Although Chiron and his brother, King Rancy, are opposites, they share the same objective: to keep the peace throughout the vast Lands Between. After a long term of royal seclusion in the northern Lands Between, Chiron comes back to the capital to face his past and a near future drama. GAME MODES: • Single player.
