"Unwilling to meet the chief minister of Haryana for the past five days, we have come here to meet Governor Kamala Beniwal. A meeting with the governor can settle the vexed issue of our identity. If the state government rejects this demand, we will stay here till the new demands are accepted," KMP president Kailay Pathak told the media here. He said KMP chief Bharat Vadher, under whose leadership the agitation started three months ago, had reiterated their demand in a letter to Haryana CM Manohar Lal Khattar, insisting that the Rajasthan Assembly be convened and a majority of its members should be from Kutch. Pathak appealed to Governor Kamala Beniwal and Chief Secretary Vijay Kumar Gupta to bring about a solution to the issue of the two districts being deprived of their rights. What's new in The Men Of Yoshiwara: Ohgiya - Original Soundtrack:

I am working on a project to be able to make camo clothing for the EDF3 mod. I am making a pair of pants that are a lite brown with a maroon on the leg and/or a camo pattern on a pair of pants. I am having to do much with my own graphics program "Photoshop" which isn't very good and am having a hard time making a camo pattern that "flows" correctly with the maroon and the "shock" effect with the brown. To make the shock effect I actually have it on a white uniform and place a photo of a black box on it and the photo changes to gray. The black box is a hand line drawing and only a black box. I honestly don't know how to make a camo pattern that looks even close to how I want. As far as the Maroon goes I use a lighter shade from the brown and a darker shade of maroon of the same tones that the coat below is. I have this set of three coats for my uniform going back to basic which covers the EDF1 and EDF2 but I am using the EDF3 uniform and my planning on using these three coats to get the look of the camo pattern I am trying to make.
