Oathsmen are highly trained warriors who learn to be more than just "mere" warriors. However, they are outnumbered by the Mistborn, who are very different. Mistborn begin as Mistborn-born. Shape on the Ground is a survival horror game where you play as a lonely kid. As you explore the eerie town around you, you'll find letters to yourself from the past, and try to piece together the mysteries of your past self. You'll encounter various enemies which you can use as weapons or craft items for your survival. The main goal is to solve the puzzle and escape from the town. If you want to have a good time playing a free horror game, you don't have to look further than Shape on the Ground. With only two chapters, this first episode of the story can be downloaded in about an hour or so. But if you want a longer experience, there is a paid version available for Linux, Windows and Mac. About the Game This short horror game features a strong plot, great aesthetics and plenty of objectives, both short-term and long-term. You play the role of a lonely child exploring a town from the future, and you're the only person that survived the apocalypse. When you arrive in the town, you see that it's a ghost town. The corpse of your neighbor lies next to you. There's no furniture in the house, no food, and not even a bucket or an open knife that could give you a hint as to what happened. You are on a mission to solve what is wrong with the town and escape before you die. About The Artist My name is Tommy Stappathopoulos, and I'm a painter, sound artist, musician, video game developer and indie game designer. I live and work in Athens, Greece. I've always been interested in the possible correlations between our digital and physical realities. The idea behind this project was to

explore this theme in a short, episodic game. I think that the pieces of the puzzle are mixed up, and the main idea behind this project is to try to figure out the story that these pieces of puzzle form. I hope that everyone will enjoy this little horror game. Chapter 1 You wake up to a terrible scream. You see the corpse of your neighbor against a dirty wall. On a bed, there's a letter to you. The words are unclear, but there's a picture on the paper that gives you an idea of what it might say. You're cold
