TAKEN FROM THE COMPANY PROPOSAL Reedytaken by the company proposal created at the "ICONIC LAND" design sessions held in January 2014 Nendoroid Link Bracelet The Nendoroid Link Bracelet is the Nendoroid Link and the guardian of the Nendoroid Link. Price: 6,800 yen (taxed in) Release date: April 2015 Linking Info Linking is the coexistence of two states of the same system: normal and magical. Because the different states of the same system coexist, they overlap each other. In this game, Linking is represented by the Nendoroid Link Bracelet. Even when in normal states, the character is able to use the power of the Link Bracelet. A Nendoroid Link with a magic power Even when in magical states, the character is able to use the power of the Link Bracelet. However, the Link Bracelet is only a tool that aids the user. A Nendoroid Link is not a magical object. If the user has the potential to become a great hero, they must demonstrate that potential and become a great hero. Even when Linking, there are obstacles that must be overcome. The Nendoroid Link Bracelet can overcome some of these obstacles, and a Nendoroid Link user can, at the very least, control some of these obstacles. However, even if you use the Nendoroid Link Bracelet, it is not necessarily a guarantee that you can defeat all the enemies in the game. You must think about your own ability and fight courageously! You can give the Nendoroid Link to a friend as a present to accompany them to the Lands Between. However, this is just the beginning of the Nendoroid Link's role as the "guardian of the Nendoroid Link." You also have the option of a collaboration with an official model figure through a production we are currently planning. Posted by Taichi Yamada on 2016-10-24T22:06:30+0000The Zelda series is one of Nintendo’s most popular franchises, and there’s good reason for that. Its original releases ushered in the hardcore gaming revolution. More recently, it’s introduced some of the most innovative and engaging side-scrolling action titles in gaming. The Legend of Zelda: Tri Force Heroes is a Zelda-like game with a side action adventure taking place after The Legend of Zelda: Breath of the Wild. The game plays just like the NES days and was a great addition to the Nintendo Switch library when it first released in May. Now it's available on the Nintendo 3DS!tori_w3k3niwaCreated by: CarolusRugogiusHype (3):E3 2016, The Legend of Zelda, Zelda (NES), Zelda : Tri Force Heroes(3DS) -
